“ I remember stopping at her house when all her flowers were in bloom...she sure had a green thumb. I will always remember her as a special person to talk too. Prayers to the family, in your time of grief. She is now without pain and smiling down all all of you.

“ Ada was one of the best people that I had the privilege to work with and know. She always had a smile and kind work to say. She was not only a great person but her family are great people as well. I know she is in a better place and not suffering and I hope that this will give some comfort to them,

“ Ada..... She and I spent many of a holiday and special occasions together. During these holidays and special events we began a friendship. A friendship that was based on a shared deep love that we have for the same people.... She was always good to me, by choice cause she didn't have to be, but she was. Always asking about my kids and stuff. She will always have my respect and admiration for being the mother, Gran Gran and Great Gran to the people I love the most in life. I will always treasure our friendship, I will miss our little chats at the holidays... Thank you for being you! And as a little joke between her and i.. You will always be the President.

“ Our condolences are sent to the family of Ada. I had the pleasure of sharing my days with Ada helping her in her last days to be comfortable. It was such a blessing to have known her and her family during this difficult time. It is always hard to lose a Mother and I know she lived for her children because she talked to me daily. God bless all of you during this time and may you find comfort in the Lord. One day you all can reunite with her never to be separated again.

Kathy Cook - July 13, 2015 at 10:18 AM
