“ *Connie, (Connie) as her uncle and dad and my dad called her. She was my first friend that was not a relative of mine. I loved her so much and her love for animals. I was with her and Martha, through lots of losses. I love this family so much*

“ I was Connie's supervisor at Senture for over 3 years. Connie was an amazing agent on USCIS and a friend. She loved her animals and would want to talk about farm life during every coaching session. I could not help but sit back and listen because there was not a lot you could coach her on. She had such a positive spirit and was full of love. She was someone that people could just walk by and not take notice of, but if you spent a little time with her, you were a better person for it. I am thankful to have had the opportunity to serve with her and the world was a better place with her here. She will be greatly missed. It is hard to see friends leave. Her family will be in my prayers.

“*Connie was such a fine person who genuinely loved people. We both started to work at home when COVID started so I have not seen her in a few years. When we both worked on-site, we shared many laughs and stories. Connie always saw the good in people and was such a positive influence to all who knew her. RIP sweet lady!!*
