

## (DK) Duane Barlow

December 4, 1965 - June 11, 2026

(DK) Duane Barlow, age 60, of London, Kentucky passed away on Thursday, June 11, 2026.

He leaves behind a host of family and friends to cherish his memory.

He was preceded in death by his parents, Harry Barlow & Juanita Huff Barlow.

Duane will be remembered as a man who enjoyed the simple things in life. He loved watching Westerns, spending time with his beloved dog, visiting with family, and going out to eat. He never passed up an opportunity to share a meal, enjoy good company, and make memories with those he loved.

Known for his ability to fuss and keep everyone on their toes, Duane's personality brought both laughter and lasting memories to family and friends. His straightforward nature and familiar way of expressing himself were simply part of who he was and made him all the more memorable.

If Duane could leave one final message behind, it would be this: spend time with your family and friends, go out to eat, enjoy your favorite beverage, and make the most of every opportunity to be together. He understood that life's greatest blessings are found in the moments shared with those we love.

No services are planned at this time. The family has entrusted House-  
Rawlings Funeral Home with the arrangements.
