“ I have just found out about Don a dieing & I am shocked. One of the greatest of friends I had. Don & I both graduated in 1980. “ Unbelievable! So hard to believe someone so young could go so soon. We went to school together. Don was always well respected and certainly had a ton of friends whose lives he touched in many many ways growing up. It is just such a hard thing to even comprehend that he could be gone so young. Prayers and sincere sympathy to the family and friends. May your precious memories bring you comfort in the days ahead. Sad to say goodbye to yet another friend of the class of 1980.

“ So sorry for your loss Sonya. Don and I have been friends since we were just little boys. We worked together for many years at the bakery (Griffin Pie Co.) as young men as both our fathers were production managers there at the time. They (our fathers) believed that the experience would benefit the two of us later in life. We worked hard, but we also laughed and goofed around a lot too... we were just kids. Although we lost touch later in life I will never forget Don and the childhood memories that we shared. May God be with you.
