“ *Doug was one of my favorite people in high school. He called me after a class reunion and told me all about the people who were there. It meant so much. Many prayers will be for his family and loved ones.*

“ My sincere condolences to all his family. I first met Doug in Ducktown, and I knew him in school and around town. Doug was Ducktown to me and many others. He knew everyone and everything about everyone. How I wanted to record the many stories he had to tell. But we never could get that together. I will miss him.
