I got to know Duane and Martha when they had a booth at the Flea market. I bought many bird houses and feeders from him and Martha. I spent time with them at there home where Martha and I would sit in the swing and watch the birds when I would go to pick up some of the bird house he made for me. It was him and Martha who give me the love for birds. We shared many stories together. They were special people. I will always cherish those wonderful times.
