“ I am going to deeply miss my Grandfather...Papaw is the model that I use when making decisions and judging myself as a person. I want to be like my Papaw...hard working..loving..smiling..cracking jokes.. helping others..but he was also not having any nonsense...he kept me amazed by the things he could fabricate out of nothing..I could go on for hours about him...I love you Papaw...very much.

“ Gene was about 20 years older than me and perhaps had already married and moved to Ohio before I was born. When I was young, we would go up to Green Hills to visit every now and again. Even though I didn't really know him all that well, I do know he was a loving, caring, hard-working brother, father and grandfather. If it had been in his power and I had asked him for help, I have no doubt he would have moved heaven and earth to help me. I will miss him!

“ Gene was a special brother, growing up in the midst of two older sisters and four younger sisters before another boy in the family was no easy task! He was always ready to do his share of any job needing done, whether it be at home or at Grandmother's in the garden. Gene and I grew closer the past two years by the phone calls we shared. I will miss him. Susan was waiting with a hug when he joined her in heaven, I am sure.
