“ *I have so many memories of my uncle Junior especially from my childhood. Uncle Junior was one of my first hero's as several of my uncles were. He often took me hunting in the fall of the year. On one occasion while we were squirrel hunting he and I were attacked by a pack of wild dogs that were trying to kill us. We had to dispose of several of the dogs before the rest ran off. However, the memory I am most grateful for is from the time the family sent me to the Knox County Hospital where Uncle Junior had been admitted due to being very ill. I was asked to find out about his relationship with the Lord. When I asked Uncle Junior if he had ever been saved, he responded saying "Yes Buddy, and I am ready to go to heaven to be with mommy". My precious Granny, he never changed his response. I am grateful to know that because I had not seen him for several years previously.*
