“ I have been trying to locate Greg for so long and typed in his name on FB which somehow led me to a link to the obit. I am hear sick I didn't get to reconnect with him after all these years. I left London KY in 6th grade. Greg had such an impact on my life when we reconnect one time when I was in high school in Cincinnati and going through a horrible time especially after losing my dear friend Missy Hacker. Greg was there for me and I never got to tell him I made it through and am walking with God. I love you Greg and wish I could have been there for you during your fight with Cancer. I lost my husband 6.5 years ago to the horrible disease. I am praying for your family. See you in the Kingdom of Heaven. Hugs.
