“ I was 10-years old and my younger brother, Bruce, was a couple years younger than me. We had a small 15' inch wheels bike, that was just too small, and it was worn out. One Christmas Day we were surprised to have a new 20-ince Bike. lol..|On Christmas Day, we were so excited get it...it was really warm out, so we rode and rode it a long time. Dad told us to take turns and ride to the barn and back, to get us used to it...My brother James (Jim) is the one who bought it for us...That would be some 60 years ago...I'm sure he didn't have much money as with most of us, but he had the joy of watching us be so excited that it made him excited also.....Jim was special to all of us. And I know where he is tonight but I would love to see him one more time...I love you James Eldon Broughon and we all miss you so much....
