Prayers to Kristen, Daniel and Ricky. Katie has been like a 2nd Mother to me. She help raise me and I will forever be grateful for that. Now she can finally rest. She told me on several occasions that she was just so tired, that she was ready. She can be with her baby, Brenda and with her husband, Danny. She will be missed by so many. She has left me with wonderful memories of the times we spent together. I will miss her more than she could ever know.

“ *You were the strongest person I've ever known. I didn't want to believe you were sick. I thought you would overcome this too you always overcame everything...all the troubles and trials I thought you would be here forever. I don't know what to do Mom. Layla understands more than she should but Skylar has been asking for you. She's too little to understand. She got upset when the hospice came and picked up your bed. That last day we talked I promised you I would make sure they only remember the good times and I'll keep that promise. Layla wants to get noodles for you and she picked out some pretty flowers for you we will keep and take care of the the hydrangea in the window she got you. I'll love and miss you forever. Hold Amelya for me till I get there.*

There's Not a minute of my life on this earthly planet that you weren't apart of too, all the way back to conception. I knew the day you would go, on Mother's Day. Don't wait for anything, but please meet me someday when it's my turn.

“ I loved Aunt Katie! She was stern but sweet! As a child I knew she meant business but she had such a nurturing spirit! I will surely miss her as I have always thought of her often! Praying for my cousins!
