“ Lord, little cuz, how will my heart ever heal after this or will it ever? My heart is and will forever be shattered into dust (shattered into smaller pieces so much that its dust). I just don't understand why you had to go. I'd give absolutely ANYTHING if I would have known that you was hurting and struggling (especially as bad as you was) like you was. I would have went out of my way just to make sure that I got you help or that I helped you some how, some way. NO MATTER WHAT IT TOOK! This world is SO MUCH more darker, gloomy, and lonely without you in it. I will always and forever love you and I will dearly miss you tremendously for eternity!!!

“ *This is just a few. I'm still looking for more. I can't believe I'm actually doing this. It doesn't seem real. This has really put a severe excruciating, deep hole in my heart! You were loved and needed by so many. So many more than you could EVER imagine!! You brought light, love, and laughter to so many people's lives. So many more than you ever knew! I cried myself to sleep last night and woke up crying more. I've cried so much that my head is pounding and my eyes and face is swollen. My heart hurts! I will forever hold all of the memories that I have of you close and dear to my heart, little cuz. I will always love you and forever miss you! Rest in peace our beautiful Angel. Fly high and may you sing in the Angel's choir. Please watch over all of us and guide us with your guiding light. This isn't a goodbye because goodbyes are forever. This is just a see you later.*
