“ Steve was an important part of our Johnston Autostores team for over 18 years. In 2022 when Steve was diagnosed with cancer, we came together to surround him with support throughout his treatments and ongoing battle. In May of 2022 he wrote a letter to the JA team in which he said, “Some events bring about a greater perspective. I would encourage anyone who reads this to make the most of every day, never missing a chance to tell loved ones how you feel, or spending time with family, or being kind to a stranger. Forgive each other, and if you have faith, share it.”

The JA Team family is grieving along with so many others. Our prayers go out to you, Billi Jo and family

“ It was a pleasure and an honor to work side by side with Steve the years he served us at Johnston Autostores, Steve was a kind and honest person that always had a unique way of looking at things and putting a positive spin on them and also using every experience as a learning opportunity and an opportunity to share a related story from his always interesting point of view and to share one of his many life lessons. Steve is missed every day and his family is in our hearts and prayers during this difficult time and always.
