“ *It's not a memory I have of my dad considering I was a newborn but my mom would always tell me the story of how my dad would always come to the hospital to feed me and hold me. I can picture him doing that. Oh how I wish I could remember that personally.*

“ So sorry for your loss. We here at the Goshen Branch Library loved it when your Dad would visit and share what he had been cooking. We were always helping him with recipes, cookbooks and photocopying your Mom's old recipes. He always spoke so kindly about your Mom and what a great cook she was. He was such a kind man.

Sincerely,
Goshen Staff 12/11/2017

“ *My granny and pa meant the world to me. They was the most kindest and most caring people you have ever met. They treated everyone with kindness and was there for me whenever I needed them. My favorite memory would have to be the time pa let me cut his hair with real scissors when i was three years old. No matter how many times granny told him to let me have fake scissors pa trusted me. They loved me and showed me that through all the bad in the world they would always be there for me. I will always love and cherish the moments and memories I have had with them and they both will be forever in my hearts.* ”
