“ I will never forget the first time I ever saw you. Never could I have known then that later in life we would be best friends. We rolled in from Northern California to Flint, Michigan and your and molly's house was our first stop. I think Dad must have been staying with you until we arrived. You were just a kid of about 29 or 30 years old. Even then you were an entrepreneur at heart. You were smart and innovative and not one to work in the shop all your life. Entrepreneurs think differently than most. You were a natural born businessman at heart. You struck out on your own against all odds and bought a fleet of trucks. And there you were the owner of Hubbard's Trucking Company. Dad was so proud of you... You owned your own business! And you were highly respected for your ingenuity and hard, long hours you worked to be successful and provide for your family.

As I got older we fought like bobcats in a phone booth. And some how through all the ruckous we formed a lifetime friendship I will forever feel blessed to have in my life. I will miss your calls. I will miss being able to call you. I will miss you rolling ing through and me cooking for you. I'm sorry for ordering pizza 🍕 that time. I will forever feel guilty about that. But, Most of all, I will miss our long talks. I love you all the way up to God.

Rest In Peace my friend. I will meet you around the bend.
